Work & Research Experience

2026 Oct-
2027 Mar **Google** *Student Researcher*
Design and execute a learning impact study on Gemini and NotebookLM
Implement data pipelines and visual logging to extract behavioral insights from student usage data
Supervisor: Dharti Dhami

2025 **NYC FIRST** *Siegel PiTech Fellow*
Building Data Infrastructure for NYC FIRST: An Educational Third Space for STEM [blog]
Supervisor: Kate Karageorgiou

2022 **Seoul National University** *Research Fellow*
Built an AI-powered course/major recommender system using historical university enrollment and performance data
Developed an interactive recommendation dashboard and UI prototype using D3.js and Tableau
Supervisor: Young Hwan Cho, Ph.D.

2019–2022 **Korea University** *Data Scientist*
Developed the first official AI-powered course/major recommender system in South Korea
MOU Project with K-MOOC to develop a course recommender system
Developed "Student interdisciplinary index" and created a dashboard across colleges
Analyzed online learning patterns and course survey results during COVID-19 using LMS dataset
Supervisor: Gyu-Tae Kim, Ph.D.

2019 **Arthur D. Little** *Intern*
Analyzed customer review text data using NLP methods to develop go-to-market strategies for a leading Korean motorcycle manufacturer

Awards & Grants

2025 **Siegel PiTech PhD Impact Fellowship**
2024 **Cornell Center for Social Sciences Grant**

Invited Talks

2023 Bias in Large Language Models in Education: Sources, Measures, and Mitigation Strategies
National Council on Measurement in Education-AI in Measurement and Education (NCME-AIMC)
